THANKS FOR MAKING SACRAMENTO COUNTY MORE SUSTAINABLE!

Participants in WIC or CalFresh using a voucher or EBT card may not be charged for bags. Stores can choose which reusable or paper bags to offer these customers free of charge.

The bag charges are County of Sacramento law, not store policy, and stores may be fined for not following the law.

Does your store offer a discount or incentive for customers bringing their own bag? If so, mention it to the customer, even if they did not bring a bag.

Does the customer need a bag? If your store has reusable bags, offer them as the most sustainable option. If not, offer a paper bag.

BRING YOUR OWN SAC

NO MORE FREE BAGS AT THIS STORE!

Starting July 1, 2016, to reduce littering and landfill, the County of Sacramento will ban giving away plastic bags at many retailers in unincorporated areas. If you need a new bag for your items, you may purchase one from the cashier.
