

## County Employee Awarded Sacramento Habitat for Humanity “Hammy”

Guy Fuson, Tax and License Manager for the Department of Finance, received a 2011 Sacramento Habitat for Humanity “Hammy” Award as an Outstanding Community Partner. The Sacramento County employee works closely with Sacramento Habitat for Humanity and was given this honor for his work managing tax-defaulted land sales and acquiring property for Sacramento Habitat for Humanity.

The Sacramento County Tax Collector Office works extensively with a provision of the law that allows non-profits providing low-income housing to purchase tax-defaulted land. Since 2004, the Tax Collector Office has assisted Sacramento Habitat for Humanity with acquiring more than 24 vacant parcels for the construction of low-incoming housing in our community.
